GCC JC-240E PRINTER/CUTTER

GCC JC-240E Printer/Cutter allows users to apply on a wide variety of applications, such as wall Stickers, Vehicle Decoration, Sign, POS, POP, Label, Heat Transfer films... etc. Also, GCC JC-240E Printer/Cutter comes with the FlexiPRINT DX - GCC Edition RIP software which can easily complete the print and cut workflow with the user-friendly interface.

Features:

◆ Printer / Cutter in one machine
◆ Media Thickness up to 10mm
◆ Print resolution of up to 1440 DPI with 6 colors available
◆ Maximum Throughput 3.48 m²/hr (37.2 ft²/hr)
◆ Auto Media Calibration (AMC™)
◆ Enhanced AAS II Contour Cutting System
◆ Professional cutting functions
◆ Bundled FlexiPRINT DX - GCC Edition RIP software

■ Heat Transfer

■ Wall Stickers   ■ Vehicle Decoration   ■ Sign / POS / POP   ■ Label

Flexi 10

FlexiPRINT- GCC Edition software, which is designed to raise your productivity with the ease-to-use interface, offers the simple Print & Cut workflow.
Benefits:
• Smart, Easy and Powerful
• One comprehensive solution, from design to production
• Contour Cutting performed quickly and easily
• Superior colors
• Boosts output with high-productivity features
• Complete Color Separation Tools

Model		JC -240E
Media printing width	Roll	590mm (23.2 inch)
	Single sheet	600mm (23.6 inch)
Max. media width	Roll	610mm (24.0 inch)
	Single sheet	625mm (24.6 inch)
Print head adjustment		AMC™
Color Channel		8
Color - Standard		CMYK
Color - Option		Lc Lm
Media thickness		10mm (0.394 inch) *1
Roll weight		30kg (66 .86 lbs)
Roll core diameter		Inside: 76.2 mm (3 inch)
Roll outer diameter		210mm (8.27 inch)
Ink type		Eco -solvent
Capacity		440 ml
Ink Package		Cartridge
Resolution		720 dpi (1440 dpi with Lc Lm - optional)
Automatic-Aligning System		Completely Automatic Contour Cutting System for print to cut solution
Max. Cutting Force		600 gram
Max. Cutting Speed		720 mm /sec (28.3 ips)
Distance Accuracy -When printing		Less than ±0.3% of distance traveled, or ±0.3mm (0.01 inch), whichever is greater
Distance Accuracy -When cutting		Less than ±0.4% of distance traveled, or ±0.3 mm (0.01 inch), whichever is greater
Repeatability - When cutting		±0.1mm (0.0039 inch) or less
Alignment accuracy for printing and cutting		±0.5mm (0.0197 inch) or less
Alignment accuracy for printing and cutting when reloading media		Less than ±0.5% of distance traveled, or ± 3mm (0.1 inch), whichever is greater
Connectivity		Ethernet (10BASE -T/100BASE TX Automatic switch)
Voltage requirement		100 to 240 VAC 50/60HZ
Power consumption -Operating		110VAC (60HZ) (Max. 450W) 220VAC (50HZ) (Max. 470W)
Power consumption -Stand by		110VAC (60HZ) (Max. 60W) 220VAC (50HZ) (Max. 70W)
(Temperature/Humidity)		22°C ~ 30°C (71.6°F ~ 86°F) / (40% ~ 60% humidity)
Dimension		1,618 (W) x 870 (D) x 1,301 (H) mm
		63.7 (W) x 34.2 (D) x 51.2 (H)inch
Weight		107 kg

*1: Only available with the add-on flat table optional item.
